

Team Quality Services (TQS) is a **Service-Disabled Veteran-Owned Small Business (SDVOSB)** that helps companies identify and prevent quality issues. TQS' proven process helps identify, isolate, and communicate quality concerns before they turn into costly quality, safety, or reliability issues.

Core Capabilities

Quality Liaisons Services: With the largest network of onsite quality liaisons, TQS gives automotive suppliers peace of mind by providing onsite quality representation at OEM assembly plants, saving time and money by proactively monitoring quality issues before they turn into costly issues.

Inspection Services: TQS Inspection teams provide custom solutions including sorting, containment, rework, GP-12 Part Certification, and CS1/CS2 Containment.

Manufacturing: TQS offers manufacturing and warehouse solutions across industries, specializing in kitting, rework, and light value-add assembly.
